Catalogue

SUNCOVER

*The worlds first design-patented cover, which
fits every shape of eye-glasses!*

Made with ANY DI's finest materials like real gold- or silver-plated metal elements and high-end craftsmanship. The soft microfiber and padding on the inside cleans the lenses and keeps them safe and scratch-free.

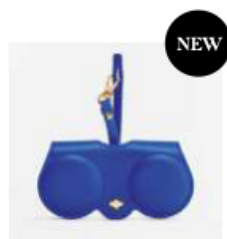

Size: 13.5cm x 7cm x 1cm

*The worlds first design-patented cover, which
fits every shape of eye-glasses!*

A black, textured phone case, likely made of leather or a similar material. It features a large, rounded rectangular cutout for the camera and flash. The case has a small, embossed logo on the lower left side that reads "NY DI". The case is shown from a slightly angled perspective, highlighting its texture and the camera cutout.
